

Moments in life
Just pass you by
And you know that
It's just this time
Coz it's never coming
Back just gonna fly
Taking in everything
You've done
Precious time and
Memories last
This is what our lives
Are all about
This is living
This is how life's
Is gotta be
Seeking out the best
Of lush and luxury

Sitting and thinking
About it all
Wondering how
It all fill out
Just enjoy your and
People come on work it out

Thinking about what's gone by
Losing out on lots right now
Makes it worth this
Bharatlyrics.com
And waste of time
Moments in life
Just pass you by
And you know that
It's just this time
Coz it's never coming back
This is living
This is how life's is gotta be
Seeking out the best
Of lush and luxury
This is living.
