

# Move - Yeh Ishq Ishq Lyrics

---

Theres a big bad gangster on the loose  
Thick skin cold weather black leather big news  
There aint nothing that a man can do  
So bring in the war we blunt we pay dues

Theres a gangster a gangster  
Words he dont speak  
But a danger will tame ya  
Shit where you eat  
Little bch say your prayers  
Call him the gangster  
Dont slander the stranger

Oh baby you know what I want  
I got the trigger on the gun  
You gotta move it how I want it gotta  
I'd rather keep it to myself  
I got no love to understand  
I got this blood on my hands  
So baby you dont understand

You gotta move  
Baby give me that violence  
Gotta move  
You aint one of my problems  
Gotta move  
Baby give me that violence  
Gotta move  
You gotta move you gotta

I dont cut for the emotion uh  
I got touch but so potent uh  
I done blood with the ocean uh  
I dont fk with these trojans uh

Keep that distance  
I am on a mission uh  
Fk your witness

I am about my business  
I havve been projecting out  
By my patience no time and wasting

You gotta move  
Baby give me that violence  
Gotta move  
If you aint one of my problems.  
Baby move

Naaz-o-andaaz se kehte hain  
Ki jeena hoga  
Zeher bhi dete hain toh kehte hain  
Ki peena hoga

Naaz-o-andaaz se kehte hain  
Ki jeena hoga  
Zeher bhi dete hain toh kehte hain  
Ki peena hoga

Jab main peeta hoon toh kehte hain  
Ki marta bhi nahi

Ye ishq ishq hai ishq-ishq  
Ye ishq ishq hai ishq-ishq  
Ye ishq ishq hai ishq

Wahshat-e-dil  
Rasan-o-daar se roki na gayi  
Kisi khanjar  
Kisi talvaar se roki na gayi

Ishq majnu ki wo awaaz hai  
Jiske aage koi laila  
Kisi deewaar se roki na gayi

Kyunki  
Ye ishq ishq hai ishq-ishq

Ye ishq ishq hai ishq-ishq  
Ye ishq ishq hai ishq

Woh hans ke agar maange  
To hum jaan bhi de de  
Woh hans ke agar maange  
To hum jaan bhi de de

Ye jaan to kya cheez hai  
Emaan bhi de de

Oh baby, you know what I want  
I got the trigger on the gun  
You gotta move it how I want it gotta  
I'd rather keep it to myself  
I got no love to understand  
I got this blood on my hands  
So baby you dont understand

You gotta move baby give me that violence  
Gotta move you aint one of my problems  
Gotta move baby give me that violence  
Gotta move you gotta move you gotta
