

Main nara-e-mastana, main shouqi- e- rindana
Main tashna kahan jaaon, pee kar bhi kahan jana
Slogan of inebriation am i, drunkard mercurialness am i
Drink may i , may i not hardly does it make a difference
Main souz-e-mohabbat hoon, main aik qayamat hoon
Main ashk-e-nadaamat hoon, main gouhar-e-yakdana
A burning heat of love am i, the eventual
Tear of ignominy , a pearl unfound am i
Main tahir-e-lahooti, main johar-e-malkooti
Nasoot ne kab mujh ko is haal mein pehchana
Pern of heaven, the gem of empires and i
Hath when humanity known me so?

Main sham-e- farozan hoon, main aatish-e-larza hoon
Main sozish-e-hijraan hoon, main manzil-e-parwana
Illuminating light of the dusk, a raging flame am i
Mordancy of parting, destination of pyralid am i
Kis yaad ka sehera hoon, kis chashm ka darya hoon
Khud toor ka jalwa hoon, hai shakl qalbhana
A desert of thoughts, a river of which fall?
The biggest reality of the universe yet unrevealed
Main husn-e-mujassim hoon, main gesu-e-barham hoon
Main phool hoon shabnam hoon, main jalwa-e-janana
A frozen beauty am i, a ringlet in anger
A flower, the dew am i, beauty of the beloved
Main wasif-e-bismil hoon, main ronaq-e-mehfil hoon
Ik toota howa dil hoon, main shehar mein veerana
Wasif, slayed am i, heart of the crowd
