

New World Song Lyrics

Yeah, little homie!
Recognize game when it's in your face

Elevate, educate, motivate
Dig ride ride ride rippedy ride
Let me tell you little something about pride
Slide slide slippedy slide
And i'm a take you for a walk on the wild side

Hold down slow down graduate
The way you move it
You'll catch a cash
'cause i know that what's at stake
All work and no play

What you better not diss that class
Went that fast you better go and get that cash
Oh you like being a fool
Packing a tool boy you better get in school

How you think that i got mine
You better read between the lines
Yeah! 'cause life ain't fair
You better get up get out get there motivate

My people gonna motivate
Climb at the top of the empire state
My people gonna motivate
A new world awaits
My people gonna motivate
Those people gonna motivate
All people gonna motivate
Gotta make it happen before it's too late

All work no play (i got to get away)
Nine to five everyday (just ain't the life for me)
I'm doing everything i can (i need a master plan)
I really need to find a way

There's so much feeling, wheeling,
Dealing, cheating, stealing
Back biting even hilling

Turn around stay inbound
You gotta hold on
You gotta stay strong
Keep your head up
The change is gonna come

My people gonna motivate
Climb at the top of the empire state
My people gonna motivate
A new world awaits
My people gonna motivate
Those people gonna motivate
All people gonna motivate
Gotta make it happen before it's too late

Main jiyun zindagi ko mere hisaab se
Sirf kaam ki baat na bakta anaab shanaab
Main hoshiyar bachpan se
Haan tsunami agar lalchi hai laala
Toh fir rasta naap le

Bhookh aaj bhi utna hi jitna kal tha
Log bhi badalte the jaisa mausam badalta
Par chalta rehta tha gaadi tera kaio band tha
Aankh khol chhote har jagah dikhega bantai

Aye mera flow bada nasty hai
Pehnave se leke sab kuch mein
Bhai tera classy hai life is so bright
Nahi chalta bina main glass liye

Aankhon pe hai chashma sabke
Par kiske bhi khaas nahin lagta hai
Fans tere bhi hai phir bhi
Pankha fast nahin lagta hai
1 puff mara fir tu agla khaasne lagta hai

Kyun? Mere jaise few
Beta tere jaise bahut saare kyu
Achchhi cheezon pe karo jao concentrate
Simple cheezon ko simple rehne do
Complicate mat karo
Compliment toh karo consistent toh raho
Kaabil khud se bano dusro ko karo jao motivate

My people gonna motivate
Climb at the top of the empire state
My people gonna motivate
A new world awaits
My people gonna motivate
Those people gonna motivate
