

Now you see it now you don't
Now you see it now you don't
All you see and all you know

I'll illusion a magic act
All you think you have figure out
Smoke and mirrors and thats a fact

Life is a game if you play
So are you if you wont
Look at me look at you
Now you see it now you don't
Life is a game if you play
So are you if you wont
Look at me look at you
Now you see it now you don't
Now you see it now you don't
Now you see it now you don't.
