Duvvante ishtamante
Duvveme cheppakunte
Cheli vechaane
Premalo prematho

Duvvanna maata vinte
Daakeme thochakunte
Ilaa mounaale
Premalo prematho

Pedavitho palakalaa
Kanulatho saripodaa
Baduluga thelapaale neelo unde
Nannu naaku choopinchave premalo prematho

Deethone navvuthunte
Baagunde haayi kante
Teleeni lokamedo chentha cheruthunte
Vandella jeevitaana vedukele

Dee vente saaguthunte
Teepunde teepi kante
Aanandam anthu choose
Saavaasam sonthamayye

Oosulaaduthunte
Uyyaala ooguthondi
Manassu paapa laaga maarene
Premalo prematho

Gaalainaa ninnu thaake
Chotainaa ivvalene
Ivaala ninnu nenu thaaku sparsha lone
Intha haayi ponduthunte vinthagunde

Yendainaa ninnu chooste
Vennellaa maaruthunde
Dee chente nenu unte
Sooreede chandamaame

Dela ninnu mose
Kshanaalu inka raave
Padaalu gundethoti moyanaa
Premalo prematho
