So baby, so baby

Gotta get it on now,  
Gotta now get it right  
Masti mein tu jhoom,  
Boom boom shake the room  
I wanna wanna see you movin,  
Do feel the maja  
Take it from the top,  
Keep doing, tick tock tick tock

Kuchh shor ho kuchh jor ho,  
Kuchh aur ho abb na  
You gotta feel the heat,  
Now on the beat, go oo aa oo aa  
Shaan se raat aayi hai,  
Ik nasha saath laayi hai  
Kal ho kya yeh toh jaane kaun  
To be keep going on and on  
Give me one on give me one more,  
Give me one on give me one more  
Give me one on give me one more,  
Give me one more dance  
Give me one on give me one more,  
Give me one on give me one more  
Give me one on give me one more,  
Give me one more dance  
Give me one on give me one more,  
Give me one on give me one more  
Give me one on give me one more  
Give me one more dance  
Give me one on give me one more,  
Give me one on give me one more  
Give me one on give me one more,  
Give me one more dance

So baby, so baby.....

Girl you drive me so crazy,

Thats the thing that you love  
When i touch your body,  
My dil goes oo aa oo aa  
Put your hands in the air,  
Put your hands in the air aa aa aa  
Put your hands in the air,  
Put your hands in the air 5 6 7 8
