---

Paarthene uyirin vazhiye  
Yaar kannum kaana mugame  
Kal endru ninaithen unaiye  
Nee yaar endru sonnai maname than neeya

Ethil nee irunthai  
Engo marainthai  
Unai thedi azhainthen  
Enakulle therinthai

Idhu podhum enakku veru varangal nooru venduma  
Iraiva idhu than niraiva  
Unarthen unaiye unaiye  
Maranthen enaiye enaiye

Paarthene uyirin vazhiye  
Yaar kannum kaana mugame  
Kal endru ninaithen unaiye  
Nee yaar endru sonnai maname than neeya

Vedhangal moththam modhi  
Yaagangal niththam seithu  
Poojaikkum bhakthi athilum  
Unnai kaanalam

Pasi endru than mun vanthu  
Kai yenthi ketkum bodhu  
Than unavai thanthal kooda  
Unnai kaanalam

Unai kaana pazha kodi  
Ingu vaari iraikirargal  
Ezhithaga unai sehra  
Ingu yaaru ninaikirargal

Azhangaram athil nee illai  
Agangaram manathil illai  
Thulli kallam kabadam kalandhidatha anbil irukkirai

Unarthen unaiye unaiye  
Maranthen enaiye enaiye

Agam nee  
Jagam nee  
Anuvaana ulagin agalam nee  
Erumbin idhaya ozhi nee  
Kalirin thudikai ganamum nee

Aayiram kai undu endral  
Nee oru kai thara koodatha  
Eraayiram kan kondai  
Un oru kan enai paaratha  
Unnil saran adainthen  
Ini nee gadhiye

Paarthene uyirin vazhiye  
Yaar kannum kaana mugame  
Kal endru ninaithen unaiye
