

Naina more taras gaye  
Naina more taras gaye  
Aaja balam pardesi  
Aaja balam pardesi

Naina more tharas gaye  
Aaja balam pardesi  
Aaja balam pardesi

Mor papaiya koyal bole  
Mor papaiya koyal bole

Mujh birhan ka jiyara dole  
Mujh birhan ka jiyara dole

Kare baadal garaja gaye  
Aaja balam pardesi  
Aaja balam pardesi

Remember the time when we first met  
The very time that u tried to forget  
Tell me my dear did u miss me at all  
Did u reach out to touch me did u try to call  
Did you reach out to touch me, yeaahhh

Peekaboo i found u again  
Hiding in the corner with your imaginary friend  
And im here tonight to see this through till the end  
Coz i will always be with you.

India waitin for my sisters to come home  
Cuz my motherland is feelin oh so alone  
Kismat say milkay asmaan meraa zameen  
Jo hogayaa so hogayaa usi gabroo shakeen  
A new day is here time to formulate the team  
Slumgods never is the focus getting cream  
More like setting up the scene for a dream to come true  
Im lost between two languages ancient and new

Im a servant of truth but a master of lies,  
living in this world with perfect disguise

Im moving away that u won't recognize  
When u look in the mirror you'll see through my eyes  
Bharatlyrics.com  
See through my eyes  
See through my eyes.

Peekaboo i found u again  
Hiding in the corner with your imaginary friend  
And im here tonight to see this through till the end  
Tonight to see this through till the end.  
Cuz i will always be .. And i will always be ... And im here and i will always be with  
you!
