

Islands in the sea
We were meant to be
It's our destiny
Tonight i wanna be
By your side
I'm yours eternally

Walk into the fire
Walk into the flame
Love will remain
And always be the same.
If you'll hold my hand

Growing in your
Love every day
Knowing that our
Love's here to stay
Hold on to the
Dreams that remain
Remember when the
Love that you gave
We're reaching for the rainbow
We'll find the pot of gold
We're reaching for the rainbow
We'll find the pot of gold

Dancing in the rain
Crazy insane
Let's do it again
May i hold your hands
And take a walk along
Down the love lane
Walk in through the desert
Passing through the storm
Love will not fail
Together we'll sail
