

We will rock you, rock you we will shock you, shock you
We will rock you, we will shock you

Yeh hamari duniyan hai, hum to isi mein jeethe hai
Hum to khushi ki suraayi mein, dard to hum peethe hai
Apna andaz yaaron hai saare jahaan se judha...hey hey hey

Its our world; its our world; its our world;
Its our world; its our world; its our world
We will rock you, we will shock you;
We will rock you, we will shock you

Josh e junoon, saason mein hai khwaabon mein doobi rahen zindagi
Soche kabhi, samjhe kabhi, kar le kabhi thodi aawargi
Dhadkan kahen, mastiyon ki khed hai,
Chaahton ka hai nasha hum sune dil ki sadha...

Its our world its our world its our world;
Its our world its our world its our world
We will rock you, we will shock you;
We will rock you, we will shock you

Yeh hamari duniyan hai, hum to isi mein jeethe hai
Hum to khushi ki suraayi mein, dard ghum peethe hai
Apna andaz yaaron hai saare jahaan se judha...hey hey hey..

Its our world its our world its our world
Its our world its our world its our world
We will rock you, we will shock you
We will rock you, we will shock you

Kya hai galat, kya hai sahin, iski humein khoob pehchan hai
Jo bhi kahen nadaan hamein, sab se bada woh hi nadaan hai
Diwaane hai, hum jhuka de aasmaan
Rok le tufaan ko jo irada hum kare

Its our world; its our world
Its our world; its our world
Its our world; its our world
We will rock you, we will shock you
We will rock you, we will shock you

Yeh hamari duniyan hai, hum to isi mein jeethe hai
Hum to khushi ki suraayi mein, dard ghum peethe hai...
Apna andaz yaaron hai saare jahaan se judha...hey hey hey

Its our world its our world its our world
Its our world its our world its our world
We will rock you, we will shock youwe
Will rock you, we will shock you.
