

Round One Song Lyrics

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

They know my background youtube is my platform
Makin' f**kin money out of it yes I can stand strong
Even audio platforms let's put the facts on
Haters won't be satisfied coz they can't last long

Game strong I just make songs with no brakes on
Have some patience all my haters yes it do takes long
Motto keep grinding everyday real name shaikh mohammad bilal
Stage name emiway

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

So many kids are tryna hate me
Nobody can dominate me
New achievement every day
Everybody congratulate me

Had to wake me I wanna make me
I'm living billionaire
Not checking the price tag
Yes I'm getting it

Everything that I wanted
Everything mommy wanted
Everything daddy wanted
This is the life I wanted

I got it all my fella
She wanna meet me should be
Open minded go tell her
Life is so fantastic say

Alhamdulillah my friends are my soldier
Making music every day everybody loves emiway
Flow is gonna be complicate haters are doing copy paste

Dheere dheere se ho raha case
Gora face nahin mera
Phir bhi bandiyan paagal hain
Favourtite khaana daal chawal

Jisko nahin pata beta yeh usi ka power hai
Independent ka tower hai yahan paison ka shower hai

Beat baja dala freestyle one hour hai

What are you waiting for spitting hard is my habit
I look cute with bunny teeth girls are calling me rabbit
Damn it I never plan it I think I'm from a different planet
Don't tryna f**k with me coz uh already know I'm a savage

9mm sound seedha bheje mein de diya
Insaan ke bhes mein shehar mein ghoomne bhediya
Studio mein chillax aur raat bhar gediya
Rengte keede ko khane aayela ye chidiya

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

I kill my enemy one round
Fighting everybody one mouth
Motherf**kers tryna put me down
Get ready for shutdown

Smoking cannabis I'm tryna manifest

Sometime I'm trying my best to improve myself
I'm tryna get out my nest time for rest never
I'm working so clever I love rapping much
I can just never say never never never

Don't tryna beat my f**kin level I never drop my treble
So many people are subscriber love them forever

I got the god in me sometimes I'm turning into a devil
But I'm stoppin' myself lekin sabka badla lega fazil

Razor blade wala flow sidha blaze karna bro
Bantai ganna release kiya speaker tezz karna bro
Waise case karna to bahut aasaan hai
Maaf kiya sabko music mein laga raha jaan main

Tu dekhte reh..
Chal aankh sekate reh..
Tu sirf fenkte reh..
Tu sirf dekhte reh..

Emiway bantai!
Maloom hai na !
