

## Saari Saari Raat Song Lyrics

---

Woh jage saari saari raat  
Woh puche ab hoti kyun nahi baat  
Woh boli mujhe nahi hai parvaah  
Woh jane yeh iraaade sare dark

Woh jage saari saari raat  
Bharatlyrics.com  
Woh puche ab hoti kyun nahi baat  
Woh boli mujhe nahi hai parvaah  
Woh jane yeh iraaade sare dark

Shehron ki top noch girls text kare  
Bole whatsapp puchhe shehar mein kab tak  
Mil rahe hum kab join karna  
Chahri woh fun club  
Bina matlab duniya banna chahri humdard  
Par thand rakh you're my first love

Tu chahri main kaam chhodu tere paas bethu  
Ye ho nahi sakta  
You're like my rhyme scheme  
Chahke bhi tujhko chhod nahi sakta  
Par khudko kho nahi sakta  
Main sundar shehron mein  
Tere banda muh nahi lagta  
Waise airo gairo ke  
You're special babe

Jinki maari wo nahi bolre battle mein  
Khali bartan chhan chhan karre aake saale matter mein  
Suna maine saanp bhi music banare rattlesnake  
Bad rappers battle se start huye the  
Khatam honge battle se

Woh jage saari saari raat  
Woh puche ab hoti kyun nahi baat  
Woh boli mujhe nahi hai parvaah  
Woh jaane yeh iraaade sare dark

Woh jage saari saari raat  
Woh puche ab hoti kyun nahi baat  
Woh boli mujhe nahi hai parvaah  
Woh jaane yeh iraaade sare dark

Aur uske favourite singer ki tarah  
Kuch shot nahi no softi  
Ye scene mein ghus rahe sands  
Bole inhe paar kar bina coat nahi  
Yahan phone call screenshot nahi  
Yahan aap hai yahan opp nahi  
Ye bas bolte rehte word thos nahi  
Tere molotove paas drop nahi

Bina baat inme mera khof hai  
First they poke me and taunt me  
Karu reply to lage chaunkne  
Inhe 2 month lage bhaunkne mein  
No one called you tu blocked hai  
Bhejha tv show tu flopped hai  
Tera career tere job ki tarah  
You need to fix that to operate

Woh bole tere kaafi bada naam  
Main dekhu hate milti subah shaam  
Woh soche bas gaane banana kaam mera  
Yahan karna inka bhi haraam

Woh jage saari saari raat  
Woh pucho ab hoti kyun nahi baat  
Woh boli mujhe nahi hai parvaah  
Woh jaane yeh irade sare dark.

BHARAT
