

Don't know your name
But imma play your game
I love that chase
So come my way

It's the way you move
Got me in the mood
Tryna play it cool
But i'm too into you

I don't care if you're indie
I don't care if you're mexican
Either way it's gonna go down
Any country city or town
You can be my seniorita
You can be my mehbooba
I just need that bam-ba-dam-bam

Cause when we touch it's dangerous
I need your love
Cause it's my only drug
Cause when we touch it's dangerous

Sanam ho ja
Kasam ho ja
Tu chal mere sang
Humkadam ho ja

Tu raat ho ja
Mere saath ho ja
Sharam kaisi besharam tu ho ja

Let me hear you say...

Chahakti hai
Behakti hai
I love the way you say my name

It's the way you move
Got me in the mood
I'm tryna play it cool

And you know..

Lets get lost tonight
Quit fooling around lady
You know you're fine
It's certified baby you know..

You can be my seniorita

Yeh rishta hai
Juda dil se dil to farishta hai
Wafa iska badam-pista hai

Sanam ho ja..
Sanam ho ja...
