Adikarumba usurula inikura nee

Theruvula nooru poo kada
Ennaku nee vaasam serthida podhum thangam

Sendu malliya manasula manakkura nee
Adikarumba usurula inikura nee

Kanavula naanum kanda mayil thoga
Nizhalena serndhe vandha thunaiyaaga

Karuvelangaattu oram
Musalaga neeyum naanum
Vilayaadave porandhomadi
Esa kaathume sugamthanadi

Sendu malliya manasula manakkura nee
Adikarumba usurula inikura nee

Iruladainja veetillum
Nilavoliyaa pozhangida
Neeyum serave kavalaai illa

Kudam kudama viyarvayil
Kulikkayilum thudaithida
Neelum kaigalaal asadhiyilla

Nenja naan kizhicha anya nee irrupa
Kandhal selaiyilum thangamaa jolipaa
Aada unai vida oru punidham edhu ulagile
Ada kadavulin niram therindhidaadho kanavile

Oru kaambile iru thaamara
Konda paasamo pasumpaal nura

Sendu malliya manasula manakkura nee
Adikarumba usurula inikura nee

Theruvula nooru poo kada
Ennaku nee vaasam serthida
Podhum thangam sendu malliya
Manasula manakkura nee

Kanavula kaanum kanda mayil thoga
Nizhalena serndhe vandha thunaiyaaga

Karuvelangaattu oram
Musalaga neeyum naanum
Vilayaadave porandhomadi
Esa kaathume sugamthanadi

Sendu malliya
Sendu malliya
Manasula nee
Manakkura nee.
