

Yeh..

We were always told growing up  
Just try and be the best  
Always thrive for success and  
Second place is not an option  
As we were told  
So no matter what came up in my life  
I got through it  
That was my motivation  
And now nothing can stop us, we will  
Never loose..never fear  
Overcome all and persevere  
We are best and  
We are down to show it  
Any place anything  
We will over throw it, we will  
Never loose..never fear  
Overcome all and persevere  
We are best and  
We are down to show it  
Down to show it,down to show it

At the top, never go down  
Shera di khom punjabi  
Made it now, take a look around  
Shera di khom punjabi  
At the top, never go down  
Shera di khom punjabi  
Made it now, take a look around  
Jeet ja ye kade na haare  
Haare haare haar

At the top, and i will never come down  
Always stay focussed, super star van  
Always was the dopist, never got weak..weak  
Hit to the sky and, my ear to the street  
Put on the gears, my hands on the wheel  
Get on my left, because i am gonna  
Put the heat, great for the nerve  
Smooth for the stress, u goona hate it  
To hell with the rest  
Made my blues, made my move  
No one has walked  
Even a day in my school  
Long time coming, long time gone  
Thing is mean, but i am ten times strong  
Never gave up, i just wont loose  
So manu hits, but i just dont bruise  
Rappers just dying  
And i am putting up my misery  
It going blue, and its gonna make history
