

Surrender your love
Won't you stay with me now now now
Surrender your heart
And i will hold you down down

Basa loon har saans mein
Main bas tere pyaar ko
Tu jabse mila mujhe
Boy i'm falling
I'm falling for you

Basa loon har saans mein
Main bas tere pyaar ko
Coz you know what i meant to do
Before i get with you boy

Because you're looking like my next mistake
The way you drop it all on me
Like you wanna bet a heart on me
Like a wish when we caught on me
Caught on me

Like my body is a temple
If you wanna get the na na
Like my body is a temple

I'm your confession
You're getting pleasure
Come with me when you are feeling lost
I wanna go if you are bae
Follow the religion of love

Basa loon har saans mein
Main bas tere pyaar ko
Tu jabse mila mujhe
Boy i'm falling
I'm falling for you

Basa loon har saans mein
Main bas tere pyaar ko
Coz you know what i meant to do

Before i get with you boy

Because you're looking like my next mistake
The way you drop it all on me
Like you wanna bet a heart on me
Like a wish when we caught on me
Caught on me

Like my body is a temple
If you wanna get the na na
Like my body is a temple

You wanna control me
Show me all the things that you told me

Baby i don't wanna be lonely
I just wanna piece of your love
A bit of your love hmm hmm..

Because my kiss my touch and your world
Got me thinking it can only be lost
Yeah yeah yeah yeah

Because you're looking like my next mistake
The way you drop it all on me
Like you wanna bet a heart on me
Like a wish when we caught on me
Caught on me

Like my body is a temple
If you wanna get the na na
Like my body is a temple
If you wanna get the na na
Like my body is a temple..
