

That's right
Pump it up

Ahh Ahh...

You got something,
This something about you girl
My heart is always pumping
Whenever you are around,
My worlds get upside down
Tenu leke jaana apne naal
Nahi jeena bin yaraa inne saal
Aadi raat neend na aave
Menu chain tadpave
Aadi raat neend na aave
Menu chain tadpave

You got something

Girl my senses
Have become a bit overdrained
Your face keeps buzzing around
And girl when you're around
My world's upside down

Tenu leke jaana apne naal
Nahi jeena bin yaraa inne saal
Aadi raat neend na aave
Menu chain tadpave
Aadi raat neend na aave
Menu chain tadpave

There's something about you girl
There's something about you girl

Zindagi mein tu hi
Aake basja, meri o jana
Dekh le bas mujhe
Kya mera hai haal,
Bin tere mere yaar

Tenu leke jaana apne naal
Nahi jeena hun yaraa inne saal
Aadi raat neend na aave
Menu chain tadpave
Aadi raat neend na aave
Menu chain tadpave
Tenu leke jaana apne naal
Nahi jeena hun yaraa inne saal
Tenu leke jaana apne naal
Nahi jeena hun yaraa inne saal
