---

Yedharedhurayina yetu veluthundo adigana  
 Em thochani parugayi pravahisthu pothunna  
 Em choosthu unna ne vethikana edhayina  
 Oorikane chuttu evevo kanipisthu unna

Kadhalani o shilane ayina  
 Thrutilo karige kalane ayina  
 Em theda undhata  
 Nuvevarantu adigithe ninnevarayina

Illage kadadhaka o prashnayi untanantunna  
 Edho oka badhulayi  
 Nanu cherapoddhani  
 Kalannaduguthu unna

Na ventapadi nuventha ontari  
 Valanoddu anoddu dayunchi evaru  
 Inkonni janmalaku saripadu  
 Aneka sruthulni itharulu eragaru

Na oopirini innalluga  
 Thana vennanti nadipina cheyootha evaridhi  
 Na yedha layanu kusalamu adigina  
 Gusa gusa kaburula guma gumalevarivi

Udhayam kagane thagadha puduthu unta  
 Kalam ipude nanu kanaga  
 Anaganaga antoone unta  
 Epudu poorthavane avaka  
 Thudileni kadha nenuga

Gali vatam laga aage alavate leka  
 Kalu nilavadhu ye chota  
 Nilakadaga ye chirunama leka  
 Ye badhulu pondhani lekha  
 Endhuku vesthundo keka mounanga

Na ventapadi nuventha ontari  
 Valanoddu anoddu dayunchi evaru

Inkonni janmalaku saripadu  
Aneka sruthulni itharulu eragaru

Na oopirini innalluga
