

Show me what you got!
Show me what you got!

Engine start volume up suno meri baat
In the car total set ab kiska hai intezaar
100 ke paar speedometer pahuncha doon jhat se
Sach mein alag hoon main
Sabse meri skills apart

Steering hath mein, daring sath mein
Rehti hai shaan se, jaise meri saansein

Naam-o-nishaan nahi dar ka kahin
When i start rolling main sambhalta nahi
Haan

Sun oye!
Tu jaanta nahi mera baap kaun hai!

Well it really doesn't matter
What you add up in the platter
When you see that everybody
Else is moving like the jagger
When i see you like an alien
Tryna fit inside the chapter
Tryna be flipping like the cracker
Me just keeping off the laughter
After everybody else is moving along so faster
Taking it out of the the window
Gone with the wind
Well you know it has ta
What goes up comes down
Throw it on my face and it will come around
Till you put me down
Too deep in the ground
Till ya will forget how this beat really sound!

Achha ab hindi mein sunn

Aise main bolunga baatein yeh saari
Jo karte ho tum yahan sabhi anaadi

Par samjhoge khud ko tum bade khiladi
Aur chahoge karein sab baatein tumhari
Baahon mein tumhein utha le kuwari
Mile woh tumse le selfie pyaari
Baatein to hoti hain logon ke munh pe tumhari
Woh bole tum janmein hi kyun the
Haan milna bhi chahate hain tumse woh taaki
Milkar maare tumhein dande aur joote
Bande tum jhoothe ho andhe ho chuke ho
Kisi ke paise ke dum pe uthe ho
Baatein to bahut hain kehne ko
Par abhi dil mein unhe rehne do
Dheere dheere jab chdaunga main
Tab jaan jaoge tum iss chehre ko!

Tu jaanta nahi
Tu jaanta nahi
Tu jaanta nahi

Sun oye!
Tu jaanta nahi mera baap kaun hai!
