

Tell me..
How you get so much attention,
With the wrong intentions you,
Bharatlyrics.com
Can't be..

On this road with no direction,
And think you'll find perfection,

Let me ask you this question,
If love is your obsession,
But lust is your connection,
What else are you expecting?

Cause you're the type to want a real one,
Plus you're bad like a villain,
Just wanna show you that i'm different,
I can tell that your guard up,

From all your ex'es all of em hurt you,
They could care less,
About your feelings,
They all claim to be the realest,
But they don't know what real is,

Tu kehde kehdeh,
Tell me if you're ready i'm ready,
Tu kehde kehdeh,
I know that you're ready i'm ready

Tu kehde kehdeh,
Tell me if you're ready i'm ready,
Tu kehde kehdeh,
I know that you're ready i'm ready

Tainu ik pal chain na aave,
Ik gal din raat sataave,
Ik gal din raat satave,
They don't see past your body,

Before i ask another question,

Let me give you my confession,
I used to be just like your ex'es,
When i was young and reckless,

Cause you're the type to want a real one,
Plus you're bad like a villain,
Just wanna show you that i'm different,
I can tell that your guard up,

From all your ex'es all of em hurt you,
They could care less,
About your feelings,
They all claim to be the realest,
But they don't know what real is,

Tu kehde kehdeh,
Tell me if you're ready i'm ready,
Tell me right now you're ready there
Tu kehde kehdeh,
I know that you're ready i'm ready,
If you are ready right now

Tu kehde kehdeh,
Tell me if you're ready i'm ready,
Tu kehde kehdeh,
I know that you're ready i'm ready,

Tu meri banja ni,
Tu meri banja ni,

Tu meri banja ni,
Tu meri banja ni,

Pull up when you're callin for it,
The mo we not together mo you need it mo,
Let em know you're my bae,
When its real it be that way,

Jo tu kehna eh tu kehde,
Girl i'm ready if you're ready,
Jo tu kehna eh tu kehdeh,

Girl if you're ready girl i'm ready.
