Ey sadaarunu urumum venga idhu
Un adavadi adakkum aalu idhu
Boom padaarunu vedikkum velivila
Patha vachu kitt vandhu tholaikkadhe

Ey sadaarunu urumum venga idhu
Un adavadi adakkum aalu idhu
Boom padaarunu vedikkum velivila

Hey thappu thappa kanakka nee pottu
Suryana suttu thalla paathu

Ey thambi poi gateah konjam saathu

Pariyeri ninnavan dhan
Urumari vandhurukkaane
Padai nooru paathavan dhane
Padhara viduvaane

Nari motham verattunadhaane
Arimaava vandhurukkaane
Pagai ellam erichidathene
Nerupa siripane

Saathaam paninju
Ottaan thala vedichu
Pottan sulukku
Paattan dha namakku
Kaataan adichaa
Tata dhan unakku hey

Thottaa therikkum
Vettaa koral olikkum
Ketta alarum
Paathaa kola nadungum

Crown of fire, he bounces
When the night gets cold
Light of truth cutting through
The lies they've told
King of justice
Hear the innocent cry
His name chills the weak while
He sets the dark in flame
