

Vibrate Lyrics

O are you saying that krishna wont get his
Prop still he gets us beyond it no no no

Done time one
Time bolun mera cell check kar karni hai baatein
Phir direct kar hindi meri bhaasha hai waise
Paisa mera dialogue par gaya lagun main na pilot
Par number hai tera arun dialant par
Phir rehta mera silent par
Keep it lowkey rakhta
Vibrate par bolun use meri vibrate kar
Ek se 10 know you like it girl
Brown skin jaise island girl
Private jet to an island buy as you eye if it

Aaski darwaaze mere suicide
Tu le rahi mera imtihaan
Kyun lage jaise tere bin hairaan ho
Mile hum itminaan se
Phir jaane ki tu zid mein aaj kyu
Tu bhi kabhi aake dekh mohalle laake
Main baatein karun aankhon se
Kyunki jhooth nahi bolti hai aankhein ye
Bolun mera cell check kar karni hai baatein
Phir direct kar hindi meri bhaasha hai waise
Paisa mera dialogue par
Lagun main na pilot
Par number hai tera dialant par
Phir rehta mera silent par
Lowkey rakhta
Vibrate par

Life hai private
Heavyweight in the game on the lightweight
Do ghante mein change kare climate
Tujhe pyaas lagi hai let me hydrate
You jo kare bechaare ya
Meri aankhen hui dial ya
Inhein kapdon mein lage to samundar khazaana
Aur launde poore paaye
Baby mera style check kar
Check par crocodile chakkar check
Blue dial chakkar check

Scene banane jaise
Direct physically
Fittically

Lowkey ya you know me
Kar roll like a soul ya phir rosie
Use pyaar chahiye yaar chahiye
Dosti no please chahiye
Nikal lo mujhe kyunki
Shake the bump kama tanakha
How you doing
Feeling great jaise sampi rum ka shot
No jump
I am calling even if I you number
Lowkey ya you know me
Kar roll like a soul ya phir rosie
Use pyaar chahiye yaar chahiye
Dosti? No please chahiye
Nikal lo mujhe kyunki
Shake bumper kam tanakha
Are you doing
Feeling great just sampi rum ka shot
I am calling even if I number

Bolun mera check karni hai baatein
Phir direct kar hindi meri bhaasha hai waise
Paisa mera dialogue par
Lagun main na pilot
Par number hai tera dialant par
Phir rehta mera silent par
Gaana ki rakhta vibrate par
