

Beverly hills, malibu
Wasting time me and you
Day you drive pch
Ain't no worry life's a stage

Under the california sun
Lights, camera, action
Be a rock star
You'll find every superstar

Welcome to hollywood, baby
Hollywood

Jimmy wayne, ms. Monroe
Johny wayne, greta garbo
They gave us brando he was the best
Pacino, de niro and they weren't less

Under the california sun
Lights, camera, action
Be a rock star
You'll find every superstar
