

Kuchh toh paana hai aisa socha main
Tujhko kwaabon mein maine jaana hai
Tu hai mere liye main hoon tere liye
Tu hai mere liye main hoon tere liye

Chehra chehra nigaahon mein
Uska pehra raahon mein

Wherever you are it's always too far
I wanna be there with you
Wherever you are, i wanna be there
I wanna be there with you

Din bulaata hai sun lo tum
Tumko meri kasam tumko meri kasam

Chehra chehra nigaahon mein
Uska pehra raahon mein

Wherever you are it's always too far
I wanna be there with you
Wherever you are, i wanna be there
I wanna be there with you

Kuchh toh paana hai aisa socha main
Tujhko kwaabon mein maine jaana hai

With you with you i wanna be there with you
Wherever you are it's always too far
I wanna be there with you
Wherever you are, i wanna be there
I wanna be there with you

Wherever you are it's always too far
I wanna be there with you
With you with you
Wherever you are i wanna be there
