

Jaane kyon beimaan hai
Mera hi aaina
Mujhe pehchaane na
Kyon lage aaj khud se yeh pehli mulaqaat hai

Chamkeela suraj toh hai utha
Phir bhi in aankhon mein ghoomo
Kyon gehri raat hai

Kaisi hai yeh roshni
Jo mujh tak aaye na
Haath badhaaye na
Nazrein milaaye na
Raat bujhaaye na

Kyon har chehre pe lagey pehre

Yeh zameen deewaron ke bina thi bani
Khud se khafa hai sara jahan
Naraaz hai, naraaz hai

Mann ke gehre se kamron mein dhoonda
Toh miley bhoole se darwaaze
O... khola toh dahleez pe khadi thi
Subah ki kirnein o...

Dhul gayi beh gayi sari siyahi
Ghuli hain muskaanein

Udaa man hawaa ban
Pehchaane na sarhadein
Hai saanjha sa noor yeh
Saanjhi yeh rehmatein
Hum juda toh na thhe

Wohi ghamon se hai
Wohi khushi se hai dosti
Ek si hai zindagi

Yaara hum nahin ajnabi
Ajnabi toh hum nahin

Dhadke seene mein
Yeh dil toh hai wohi
Yaara hum nahin ajnabi
Ajnabi toh hum nahin

Mitti se sab baney
Wohi rooh toh hai bhari

Yaara ham-watan ya ham-mazhab
Ya ham-zabaan hum na sahi

Yaara iss zameen pe hi ho jannat
Yeh toh chaahein hum sabhi
Aa haath mila...

Honge sab ek aaj
Ek jaan jazbaat
Saath haath mil baat
Pyaar ka yeh saugaat

Waqt pheknaka hathyaaro ko
Waqt giraane ka deewaron ko
Ek auzaar jo andhere ko
Karde roshan aur sirf pyaar woh

Khudse kyu sawaal
Jab khud main hi jawaab mere yaar
Kyu na baate zindagi main pyaar, jeele aaj

Kyu hai kyu hai sach se
Anjaan kyu hai
Hum sab mein ek jaan hai
Sab pehle insaan hai

Yaara hum nahin ajnabi
Ajnabi toh hum nahin
Yaara, yaara
Dhadke seene mein
Yeh dil toh hai wohi
Yaara hum nahin..
