

Your face is the face of love
Your face is the face of love
In what some true
I comes you
You are my grace of love
Your face is the face of love
In what some true
I comes you
You are the face of love
Your face your face
Is the face is the face of love

Sleeping in your eyes
So sky in the sky
Sleeping in your eyes
So sky in the sky

I capture this sky
In my impress of love
I capture this sky
In my bless of love
For luck, i draw
That was on the moon
For your luck, i draw
That was on the moon
Lucky am i, lucky in the trance of love
Your face is the face of love
Your face is the face of love
Your face is the face of love.
