

Yun masti mein hum behekne se lage
Tera jaadu chala hum machalane lage
Yun masti mein hum behekne se lage
Tera jaadu chala hum machalane lage
O you bringing me down down down into your love
O you bringing me down down down into your love

Yun masti mein hum behekne se lage
Tera jaadu chala hum machalane lage
Yun masti mein hum behekne se lage
Tera jaadu chala hum machalane lage
O you bringing me down down down into your love
O you bringing me down down down into your love

Kya hasin ho, dilnashi ho ho gaye hum fida
Teri aankhon mein jo dube, bhule maikada
Kya hasin ho, dilnashi ho ho gaye hum fida
Teri aankhon mein jo dube, bhule maikada
O you bringing me down down down into your love
O you bringing me down down down into your love
Yun masti mein hum behekne se lage
Tera jaadu chala hum machalane lage
O you bringing me down down down into your love
O you bringing me down down down into your love

Hum sambhalana pa rahe hai, le le baahon mein
Bekhudi si chha rahi hai, yun na dekho hame
Hum sambhalana pa rahe hai, le le baahon mein
O you bringing me down down down into your love
O you bringing me down down down into your love
Yun masti mein hum behekne se lage
Tera jaadu chala hum machalane lage
O you bringing me down down down into your love
O you bringing me down down down into your love.
