

Hum kahan, tum kahan
Tum kahan, hum kahan
Hum kahan, tum kahan
Tum kahan, hum kahan
Hum kahan, tum kahan
Tum kahan, hum kahan
Saare maushm khusnuma the
Sar pe kitne aashman the
Ekpal mein hi na jaane kya hua

Door tak andheere
Door hai savere
Raas hi na aaye zindagi
Aaye hai kahan se
Jaayenge kahan wo
Kuch toh bataaye zindagi

Kya se ye kya ho gaya
Kyun tu juda ho gaya?
Khwabo mein tha jo sehar
Kyun laapata ho gaya
Saare jugnu khoo gaye hai
Haath khaali ho gaye hai
Ekpal mein hi na jaane kya hua

Door tak andheere
Door hai savere
Raas hi na aaye zindagi
Aaye hai kahan se
Jaayenge kahan wo
Kuch toh bataaye zindagi

Yaadon ki badale giri
Har saans hai baawri
Deewaro se mujhe
Aati hai khusboo teri
Kuch toh bolo kisliye tum
Bin bataaye ho gaye gum
Ekpal mein hi na jaane kya hua

Door tak andheere

Door hai savere
Raas hi na aaye zindagi
Aaye hai kahan se
Jaayenge kahan wo
Kuch toh bataaye zindagi.
